

DSPCS'03 & WITSP'03

Coolangatta, 8-11 December 2003

Submission Guidelines for publication in the Proceedings

1. The Word Processing Package

All synopses must be prepared using Word for Windows. If another word processing package is used, please submit a PostScript or Adobe PDF files. While preparing your manuscript use the standard font sets like Times New Roman, Arial or Helvetica, and Symbols for mathematical symbols or Greek characters. Other fonts sometimes cause problems with Adobe Acrobat and cannot be printed properly.

2. Typing the Manuscript

Manuscripts must be typed in two columns per standard A4 page with 2.5cm margins on all sides. Please use Times Roman 10 point font for the text, 14 point for the headings and 18 point for the title. All headings and the title should be bold.

The title and author information (names, affiliations and email of the author presenting the paper) on the first page should be centred and the rest of the text justified. The total length **must not** exceed 6 single-sided A4 pages. Each paper should contain an abstract not exceeding 100 words.

Please do not insert running titles, and do not number the pages.

3. Figures and Tables

Figures and Tables can be included in the text, or placed at the end of the paper. The total length,

including figures and tables, must still not exceed 6 single-sided A4 pages. Please ensure that all symbols and lettering used on your figures is readable after printing. Also try to avoid colour lines in the graphs. These look quite nicely on screens but very often print poorly.

4. References

All referenced work must be listed at the end of the paper. The references should follow an IEEE referencing style, i.e. numbers placed in square brackets [1]. For journal or conference references, please include the relevant page numbers. For web pages include the full bibliographical data and the date when the page was last accessed.

5. Submission Method

Please email your paper, as an attachment in PDF, Word, or compressed PostScript format, to:

beata@elec.uow.edu.au

and fax or mail your registration form to:
